

Arverne announces the appointment of a Group Sales & Marketing Director to its Executive Committee

Pau, September 10, 2026 - Arverne (FR001400JWR8 - ARVEN), the leading French supplier of geothermal solutions, announces the arrival of Nebojsa Maksimovic as Group Sales & Marketing Director. He will join the Executive Committee. This newly created position accompanies Arverne's change of scale, as the company strengthens its management to support its growth and accelerate its business development.

Nebojsa Maksimovic, who combines engineering and management expertise (ESSEC), brings nearly thirty years of experience in the energy sector, including twenty-four years at Dalkia. There, he most recently served as Sales Director and member of the Management Committee for the Bretagne, Pays de la Loire and Centre Val de Loire regions, where he oversaw business development for a portfolio of more than 3,000 clients.

His experience with both industrial and local authority clients, together with his knowledge of heating networks and energy services for buildings, will enable Arverne to deploy its geothermal solutions across the country. His mission will notably include supporting the commercial development of the group's various entities through new offerings tailored to the different geographic areas where Arverne is already present, as well as new priority regions targeted by the group.

About ARVERNE

ARVERNE is the leading French supplier of geothermal solutions. It specialises in harnessing natural ground resources to transform them into local energy sources for heating and cooling systems and to extract lithium. A mission-driven company listed on Euronext Paris, Arverne works for local authorities and industrial companies with a focus on energy sovereignty and short supply chains.
